

Researching Reality 2022 Orientation

COVER STORY

This year's theme '*Hafta Bazaar: Walking through Delhi's Corridors of Commerce*' aims to explore the weekly markets of Delhi to bring powerful stories of how weekly vendors navigate their life in the city streets.

The orientation was held on 30 May 2022. The cohort for this year is enthusiastic and eager to dive into field research.

We hope through our research, we unearth issues that have gone unnoticed until now.

Indian Liberals | Socialism Reconsidered by Mino Masani

Mino Masani was an Indian parliamentarian, a public intellectual and an Indian Liberal. In 1944, he wrote Socialism Reconsidered that questioned four assumptions of Marxist socialism. This essay reflects Masani's own intellectual journey as he moves from socialist to liberal school of thought.

Spontaneous Dialogue

Spontaneous Dialogue | Fishes, Fisherfolk, and a Human Rights-based approach

The marine fisheries sector in India is going through a major transformation, with new regulations put in place. The community of small-scale fishers have to navigate environmental legislations and developmental barriers, to secure viable livelihoods.
